Warranty
 Warranty information is contained in the Equipment Manual. Refer to the warranty information listed in the Limited Warranty on Equipment and Limited Warranty on Parts sections and to the operating instructions listed in the Parts Identification/Function section of this manual for details on your warranty.

It is recommended that the operator take the necessary time to carefully read through the complete warranty information. Thoroughly understand your warranty protection before you begin operation.

For any questions pertaining to the Taylor warranty, please contact Taylor Company, Rockton, Illinois 61072.

This manual is for the exclusive use of operators and employees of McDonald's Corporation.

Tools and supplies

- Bucket
- Bucket with 1/2 inch hole
- Hot Water
- Tap Water
- Tap Water
- Tap Water
- Tap Water

Procedure - Set Up

- Fill heated tapping wells with tap water.** Remove the tapping caps. Fill the heated wells with clean water, up to the fill line located on the bottom of the well.
- Place tapping heaters in ON position.** Place the tapping heaters in the ON position for heating the tapping wells.
- Fill tapping containers.** Fill the tapping containers. Place the correct and final tapping containers in the heated wells and the tapping containers in the unheated wells. Cover the containers.
- Sanitize tapping helms.** Sanitize the tapping helms and place them in the cold tapping containers.
- Fill cup dispenser, cup lid holder and cone dispenser.**

Note: Check and refill tapping machines, tapping pumps, and heated wells monthly. Use PPE code 9000 W2 & W3.

Tarjetas PM

** Si no tiene códigos QR en su equipo Taylor, comuníquese con su distribuidor Taylor local para pedir etiquetas sin cargo.
